Myrtle Trace

A Newsletter by Myrtle Trace Residents for Myrtle Trace Residents

May 2023

## BOARD BRIEFS

One of the things that sets Myrtle Trace apart from many of the other developments around us is our trees. Our community was designed to blend in to the pine forest and when building our houses Hall Development preserved as many of the trees as possible. This treed environment is one factor that has attracted many of us to Myrtle Trace. But trees have a natural lifespan that is sometimes shortened by disease or storms and some have to be removed to protect the trees around them or because their root systems threaten surrounding areas. So while we have money in our budget to remove trees on the common ground when necessary, we also have money set aside in our budget to plant trees. The questions are, where do we plant trees and what trees should we plant?

Last year a **TREE PLANNING COMMITTEE** was formed as a subcommittee of the Property Committee to address these questions. They have consulted with a horticulturist with the Clemson Extension and a representative from the South Carolina Forestry Commission to identify what and where to plant trees and shrubs in Myrtle Trace. They also studied the issue of the Bradford Pear trees which are scattered throughout the community and are reaching the end of their natural lifespan.

Their study has been presented to the Board and will be posted on our Myrtle Trace website so it's available to our homeowners. You'll find it under "Covenants, Policies, Procedures and Reports". Look for item 19 under Reports.

Aside from recommending trees and shrubs that are native to the area or that do well here, the horticulturist strongly recommended that we plant in the fall so that the root systems have a chance to develop before the summer heat. So, we will take that advice and set our shovels aside for the next few months while we spend some time identifying areas of the common ground where trees have been removed and where it makes sense to plant replacements, and determining what those replacement trees and shrubs will be. With the help of the Tree Planning Committee and some patience, we will work together to preserve one of our most valued assets – our treed environment!

### LANDSCAPING AT THE CLUBHOUSE

Now that the buildings on Pear Tree Circle have been painted, it's time to turn our attention to the landscaping in front of the Clubhouse and near the pool area. Thanks to Hardee Maintenance, the old pine straw has already been removed and the current plantings will be moved to other areas around the Clubhouse. The beds have been filled with mulch and annuals will be planted for some summer color while we wait to plant new shrubs in the fall. Once again, we are grateful to the Tree Planning Committee for their research on what and when to plant and look forward to working with them to upgrade the landscaping around the Clubhouse. The plan is to have the work completed before our 40<sup>th</sup> anniversary celebration in October.

## ACTIVITIES COMMITTEE

The Activities Committee met on Monday, April 10, and we, again, had new members to welcome. Thank you for your participation. The more the merrier!

Upcoming events include:

- **Activities Committee Meeting**—Monday, May 8 at 7pm at the Clubhouse.
- **Community Service Event**—Sunday, May 21 at 2pm. Horry County Emergency Services will do a presentation regarding personal safety and emergency prevention. Reserve your seat. See flier inside this issue for details.
- **Memorial Day Picnic—Memorial Day Celebration**—Sunday, May 28 from 11am-2pm. See flier inside this issue.
- **Dancing in the Park**—Sunday, June 4 from 2:00-5:00pm. Featuring the Mike Duva Quintet and Rentko's Polish Food Truck. See flier inside this issue.
- **Myrtle Trace 40th Anniversary October Events**

From late September through the month of October, we will celebrate our anniversary with many events including Oktoberfest, a Potluck, an Art Show, Car Show, Craft Fair and presentations and displays depicting the history of our development and HOA. A Halloween Dance will end the month on a fun note.

Just as a reminder, the Activities Committee meets each month, except July, at 7pm in the Clubhouse. More information on all upcoming activities to come in future issues of News & Views.

*Bob Smith*

## COMMUNITY DIRECTORY UPDATES—AS OF 4/24/23

### Additions:

Fordyce, Michael	236 Candlewood Dr.	717-660-5029

## PROPERTY COMMITTEE

### SPORTS COMPLEX:

Shuffleboard Court. New handrails will be installed around part of the shuffleboard court for safety.

**POOL:** Pool season officially opens May 1<sup>st</sup>. Enjoy and please mind all the posted pool rules. The emergency phone is located on the wall opposite the sign-in desk.

**STOP SIGNS:** You will notice that our stop signs are getting a facelift.

**MAIL TUBES:** For Myrtle Trace's 40<sup>th</sup> Anniversary, homeowners are repainting their faded mail tubes and mailboxes back to their original black color. We thank these residents for pride in our appearance.

**FISHING:** Residents and their guests: Fishing in our ponds is restricted to **catch and release only**.

*Liz Maass*

---

### INTERESTED IN PLAYING CANASTA?

If interested, we would like you to join us. What is canasta? It's a card game similar to Hand and Foot or Rummy. It is played with a partner in tables of four. We play with two standard decks of cards. Players score points by making melds (or canastas) consisting of seven of the same rank or five of the same rank with two wilds. Special, natural canastas may also be formed by having all seven of either: aces, sevens, or wild cards.

If you have never played canasta, join other Myrtle Trace residents on Friday afternoons at 1pm in the Clubhouse. Watch us play, and if you are interested in learning, we will work with you and teach you how to play. Myrtle Trace Rules are provided. We are a friendly group with a good sense of humor and patience. We all had to learn the Myrtle Trace Rules of play.

Questions? Contact Laura DiFiore at 847-508-0041, or just stop by on a Friday at 1pm. We welcome all new players.

---

### PEDESTRIAN SAFETY REMINDER

Spring has sprung in Myrtle Trace. The flowers are in bloom, the birds are chirping and Myrtle Trace walkers, as well as drivers, are out in full force in their springtime finest and enjoying the fresh, almost pollen-free air.

When driving through our community, please remember that the speed limit is only 25 mph and there are stop signs along Myrtle Trace Drive. Keep your speed to 25 mph and come to a full stop at the signs. The last I knew, none of our mailboxes have the name: "Mario Andretti". We are retired. We should not be in a rush to go anywhere. And walkers, please walk facing the traffic. You never know when Mario Andretti is going to be barreling down Myrtle Trace Drive! Please stay cautious. When a car is coming towards you, give that car the right of way and move over onto the grass which is common ground. No one will yell at you for trespassing! If you are walking 2 or 3 abreast, please form a single file when a car is approaching. Our roads are narrow. I would be willing to bet that if you try to play a game of "chicken" with a car, the car is going to win and we really don't want that.

Bikers, you must follow the rules of the road. Ride with the traffic and obey the stop signs, as well. Let's be careful out there!

*Debbie Rebocho*

## **MYRTLE TRACE-MART**

**SELL** - Wesley Allen Steel Twin Trundle bed (one twin bed under another). The lower bed pulls out. Cost today is approximately \$1150. The bed has never been used and is in brand new condition. Asking \$250.00. Call Steve at 843-995-0764. (4)

**SELL** - Horizon RC-30 stationary bike. \$40.00 or best offer. Call Bob at 843-446-9845. (5)

### **Treasurer's Report—Quarterly Report Q1 FY 2023**

The Myrtle Trace HOA realized a net operating profit of \$23,642 during the first quarter of the fiscal year. A combination of accurate budget projections and careful expense management contributed to this positive performance. All major expense categories showed a surplus when compared to budget. A review of our operating plan permitted the movement of excess operating funds to reserve funds. \$66,427 was distributed to reserve funds (savings) in March, 2023.

Myrtle Trace reserve funds total \$548,144 and are held in accounts with 4 local banks. The funds are held in checking accounts and certificates of deposit. Reserve fund account balances are reviewed monthly to make sure that we comply with the FDIC regulations for insured deposits. Myrtle Trace's financial position remains strong.

*Bob Ebling, Treasurer*

## BOARD BRIEFS—CONTINUED FROM PAGE 1

### WHAT ELSE IS HAPPENING IN MYRTLE TRACE?

At our recent Board meeting the Board approved the installation of aerators in Tern Lake (the pond alongside Burning Ridge Road). The necessary electrical hook-up is already in place and three aerators will be placed in the pond with the possibility of an additional aerator if needed.

By the time you read this, the road resurfacing on Myrtle Trace Drive at the gates and on Bentwood Circle should be complete. In preparation for that road project, we placed reusable signs throughout the community informing residents that the gates would be closed on April 24 and 25. The residents of Bentwood Circle were visited by a member of the Board and given specific information about how the road resurfacing would affect them.

In preparation for the eventual milling and paving of Myrtle Trace Drive, we commissioned a study by Geometrics Consulting to determine the condition of the road bed. The good news is that the road bed is in good shape and no major work is needed on the road bed before we mill and repave Myrtle Trace Drive. Incidentally, the report also states “Based on our experience with similar roadways and traffic, we have projected an average daily traffic volume of 1,500 vehicles, and that the traffic will be primarily light residential traffic.”

As of April 1, we’ve had a “changing of the guard”. Debi Perry had finished training and is now our Administrative Consultant. Among other duties, she interacts with our auditors, keeps tabs on your money, provides financial reports to the Board, writes contracts and acts as general advisor to the Board. Many thanks to Jim Luneke who served in this position for over 7 years. Jim is neither gone nor forgotten and will be available for questions and advice. We wish him well in his “retirement” and thank him for a job well done. We hope to see him at our monthly Board meetings and riding his bike around Myrtle Trace.

### DEVELOPMENT AROUND MYRTLE TRACE

As promised, members of the Board have attended area meetings to get and share information on development around our community. Information, beyond what we all can see ourselves, is hard to come by but here’s what we know so far.

- ◆ On Myrtle Ridge Road Vines is expanding and is building a warehouse for their business and three other business lots next to it – one of which will be a lunch spot.
- ◆ On Postal Way preparations are under way for the addition of 1100 housing units and a possible “Market Common” type development. Postal Way will be widened to a three lane road.
- ◆ On the Service Road, which will connect Burning Ridge Road to Myrtle Ridge Road and beyond, building lots have been delineated. The zoning is commercial.

Rotaries will be built in many of these areas to control the increased traffic and the local Homeowners Associations, as well as Myrtle Trace, will be questioning the County about drainage and perimeter shielding.

**MAY BOARD MEETING IS WEDNESDAY, MAY 16 AT 9AM – HOPE TO SEE YOU THERE!**

*Nancy Seeds*

# 40th Anniversary

## 1983 to 2023

---

*Interviews with long-time residents who were here from the beginning.*

### Ted Ackley-120 Juneberry Lane

Ted and Betty moved to Myrtle Trace from Olney, Maryland, in 1991. A couple of years before Ted was due to retire, he saw a brochure on the bulletin board at his place of employment about Myrtle Trace. Ted had a cousin in Little River and she told him he should come check out Myrtle Beach. They had briefly thought about Florida since Betty wanted to be close to the ocean but they decided Florida was too hot and opted for South Carolina where there was the ocean and much more.

Ted said there were two options for moving into Myrtle Trace at the time; build your own home or buy an existing home. There were no existing homes available at that point and they liked the idea of choosing a model to be built and having the option to make any modifications they so desired. The price was right and everything seemed so nice. Nothing else they looked at even came close to Myrtle Trace. They liked the feeling that they would belong to something and liked that Myrtle Trace developers were building in and around the trees and not stripping them all away.

Ted and Betty had their first appointment with a salesperson in 1989 and by 1991 they had moved in. Both Ted and Betty liked to golf and bowl and that was enticing. Soon, each of them had a group of golfers to play with; Betty with new girlfriends and Ted with new men friends, as well as playing with each other.

The opportunity to become involved in the community appealed to Ted and it didn't take him long to get involved in Myrtle Trace. In 1992 he was asked to co-chair the Property Committee and by 1993 he was the chairperson of the committee. This included attending monthly Board meetings so Ted decided he might as well run for the Board which he did in 1994. There were six other candidates at the time. He won and became a Director-at-Large and then became President of the Board for two and a half years.

In 1991, "News and Views" started and by approximately 1995, Ted was the editor. Fifteen to eighteen years ago he came editor of the Myrtle Trace Phone Directory. He has just recently retired from both of those positions. They have never regretted their decision to move to Myrtle Trace.

### Nancy Murphy-107 Moss Circle

Donald and Nancy moved here from Mt. Airy, Maryland in 1988. Donald had retired and Nancy was still working and loved her job. She wasn't really ready to move but they set out on a trip to Florida to look at retirement property. They didn't stay very long. One reason was the heat. On their way back they saw a bill board with Walter Cronkite's picture on it advertising Myrtle Trace. They got off Highway 17 and came to check it out. Donald was mesmerized. Soon after they returned home to Mt. Airy they received a phone call saying the price of lots was going up considerably so they told their salesperson to choose a treed lot for them and they began to build.

Phase IV, where they bought, was still a coquina road at that time and farther down Myrtle Trace Drive was still dirt. Every night there were clusters of deer everywhere. Nancy said Myrtle Trace was a very close-knit community and people all came from someplace else to retire. They looked after one another and it was like a big family. They had parties all the time.

Nancy joined a Myrtle Trace ladies golf group called the Flying Ladies and she is now the only one in the group still residing in Myrtle Trace. Nancy has been on every committee in Myrtle Trace and has been on the Board twice, once serving as President in 1999.

Myrtle Trace has offered her 35 years of joy and happiness. She says it's the people that make Myrtle Trace wonderful and the atmosphere is created by the people who live here. "It's a bit of magic".

# 40th Anniversary

## 1983 to 2023

---

### *A Time To Reflect.*

Think about the vision and the resources needed to plan and transform a thick forest of pine trees and dense myrtle undergrowth to this picturesque and tranquil community of over 500 residences. ***It took 15 years to build.*** Are you at all curious about how it evolved? Did you ever wonder what motivated homeowners to build here?

If you are interested in learning more about Myrtle Trace's growth and development, you will have an opportunity to chat with those most familiar, including the designer of most of our homes. Here are samples of the questions they will answer:

Q How did the name "Myrtle Trace" come about?

Q Where is the highest point in Myrtle Trace and how high above sea level is it? Yes, we are on a slope. How does our elevation compare to our neighbors?

Q Why does Myrtle Trace *not* have lengthy power outages?

Q The Covenants have been changed only once. When? Why?

Q It's 1983 and construction has begun. Any idea which of our streets these are?

Q Would you like to see more photographs of Myrtle Trace taken the year construction began?

These subjects and more will be openly discussed on Sunday, October 1, in the Clubhouse, beginning at 2:00pm. Mark your calendar. Seating is limited and reservations will be required. Details to follow at a later date.

# MEMORIAL DAY PICNIC

**SUNDAY, MAY 28<sup>th</sup> at the Myrtle Trace Clubhouse  
11:00 to 2:00 (food served 11:00 to 12:30 only)**

**Come and gather in remembrance of those who gave their lives for our freedoms and liberties.**

**Hamburgers, hot dogs, potato salad, pasta salad, beer, wine soda and water will be served. The clubhouse will be open for seating but you may also bring your own chairs and eat outdoors and at the picnic tables in the recreation area or at the pool. The bocce, shuffleboard, basketball courts, pool and cornhole will be available.**

**At 2:30 there will be a RUBBER DUCKY RACE at the pool. Entry is \$1.00 per duck. Prizes: 1<sup>st</sup> place \$20, 2<sup>nd</sup> place \$10, 3<sup>rd</sup> place \$5!**

### ADMISSION FREE FOR RESIDENTS

Guest admission \$5.00 per person  
Guests under 2 years old are free

All reservations must be made no later than **Saturday, May 20<sup>th</sup>**. Guests who are not Myrtle Trace residents may be reserved between May 20 to 23.

To make your reservations, cut out this RSVP slip and place into an envelope with the cash or check. Checks must be made payable to Myrtle Trace Activities. Bring to the front door of the Perrys at 125 Berry Tree Ln. -OR- the Rebochos at 136 Myrtle Trace Dr.

Refunds of admission must be requested at least 7 days prior to the event (May 21<sup>st</sup>) unless extreme emergency exists.
